The Duelling Dames

The Duelling Dames is live theater with all female swordfighters that teaches history with hilarity, astounds with swordfighting skills, and is daring enough to bring swashbucklers onstage.

The Duelling Dames teach stage combat/ swordfighting workshops
and are touring 2022 with their latest play: Gearpunk!

Female empowerment? Yes! Anti bullying? We've got it! Workshops that disseminate violence in the media? Only the Dames do that!

Workshops

Choose Swordplay or Unarmed, or a combination workshop of both!

Swordplay: The essential introduction to swordplay for actors!

Unarmed: Learn how actors can kick, punch, and slap without getting hurt!

Gearpunk

The Queen believes she should rule with a golf club (once her arthritis eases up a bit), whereas the princess thinks she should be in charge with her tiktok account-which will go viral any day now. However, a beast is ravaging their ecosystem, and the two must slay it with cleverness, compassion, and most of all, family fun.
